EXOR SUPPORTS THE LONG-TERM DEVELOPMENT OF BOTH IVECO AND CNH INDUSTRIAL

In view of the announced demerger of the Iveco Group, as CNH Industrial executes the separation of its On-Highway and Off-Highway businesses, Exor confirms its support for the transaction and its commitment to the long-term development of both companies.

CHN Industrial and Iveco Group, led by their experienced management teams, have established clear and ambitious plans for their future growth and development. As independent, focused companies Exor believes they will have even greater opportunities to capitalise on leadership positions in their respective businesses.
